

# Biosphere Challenge 2016

**WHAT IS A BIOSPHERE CHALLENGE?** The Biosphere Challenge was initiated in 2015 by Biosphere Reserve Lake Vänern Archipelago and Lake Vänern Museum in Sweden. It is a challenge for elementary schools in UNESCO Biosphere Reserves. The purpose of the Biosphere Challenge is to show the effects of many people working together towards a common goal. Together we can create a change towards a more sustainable world!

This year, the Biosphere Challenge is focusing on children's games. Our class will create a new game where everyone can participate. To get inspiration, everyone in our class will ask someone close (parent, grandparent, older brother or sister, or neighbour) about a game they enjoyed as a child. To help us remember, please make notes in the boxes below.

Thank you for helping us!

**Name of the game:**

**Who played the game?**

**What was the goal of the game?**

*Please indicate who the winner is and explain why:*

## Rules

*What were the rules of the game? Describe in a way that explains to others who will play the game. Make a drawing if it helps explaining.*
